GRAND TOTAL	36,792.50	38,792.50	41,292.50	43,792.50

## INCLUSIONS AND OTHER DETAILS

### 1. PROGRAM DESCRIPTION

Distance Learning Program 2 (DLP2) is a form of private education that is parent-led and home based. DLP2 is simply an educational option that allows students to finish their grade level course within the school year without having to attend physical or virtual classes. This type of distance learning is asynchronous, which permits students to work at their own pace.

# DISTANCE LEARNING PROGRAM 2

## Homeschool with Basic Modules

The students will be provided with the course outline per subject and the list of requirements to accomplish in order to move up to the next level. This program is parent-led. The student may finish all the academic and non-academic requirements in advance. All the 4 quarter assessments per subject are submitted to the school within the school year.

Learning modules for major subjects are included.

### 2. ADMISSIONS PROCEDURE

No Entrance Exam; Online Interview may apply. Kinder and Grade School transferees must submit:

- Report Card with LRN of the previous level
- Certificate of Completion
- Form 137/Transcript of Records
- Birth Certificate

### 3. COURSE OUTLINE

The quarter course outline is the framework of what the students are expected to learn in a subject. It contains the list of topics, objectives and target skills relevant in successfully completing the course. It also includes references and suggested readings. The quarter assessment is based on the course outline. It shall be sent to the student upon enrollment.

### 4. LIST OF REQUIREMENTS

The academic and non-academic requirements per level must be submitted and completed within the school year. The list will be released together with the course outline.

### 5. QUARTERLY ASSESSMENT

One of the ways we assess the learning outcome of students and to find out if the intended skills are acquired, is through academic achievement as measured by quarterly assessment in major subjects such as Reading, Language, Mathematics, Social Studies and Science. The quarterly assessment is based on the course outline where sets of skills are listed according to subject areas. Modules help acquire some of the skills intended for the student's grade level.

## 6. SCHOOL YEAR REPORT CARD

The students under DLP2 are given summative report card for 4 quarters at the end of the school year and upon completion of all the requirements. The grades of the students will be based on the quarter assessment and the submitted requirements. Digital copies will be emailed to the parents. A hard copy can be shipped to the registered address. Shipping fee will be shouldered by the parents.

## 7. REGISTRATION TO DEPED'S LEARNER INFORMATION SYSTEM

All public and private schools in the Philippines under Alternative Learning System (ALS) are directed to register and update students' Learner Information System (LIS). Every learner in the basic education system is being issued only one permanent Learner Reference Number (LRN) that the student shall use throughout the entire basic education program.

## 8. LEARNING MODULES

Modular Distance Learning is a learning continuity modality included in the DLP2. These are individualized instruction in printed copies.

- Cycle 1 and 2: Phonics, Mathematics and Visual Motor
- Cycle 3: Phonics, Mathematics, Visual Motor, Language and Filipino
- 1st Grade: Reading, Language, Mathematics, Visual Motor, Cultural Studies, and Filipino
- 2nd to 6th Grade: Reading, Language Mathematics, Cultural Studies, Language and Filipino
